**AAS Rating Score** is based on a Time Weighted Alpha Factor which is adjusted for Price Persistence and Volatility. Higher AAS Rating Scores are desirable. **AAS Status** indicates the current Buy, Sell or Neutral determination according to the AAS analytic which is a compound trading rule that takes into consideration Short Term Trend Analysis as well as the AAS Rating Score. The analytic is subjected to further confirmation by two independent technical analytics. If the AAS Rating Score is not confirmed by the technical analytics, there is an AAS Neutral Determination. An AAS Sell Determination indicates that the AAS Rating Score and/or the independent indicators are negative. **Last Closing Price (CP)** is the closing price of the security based on the previous business day. **Sell Limit Watch** is included and updated daily as information for subscribers who wish to sell the index based on their own research.

AAS Rating Score is based on a Time Weighted Alpha Factor which is adjusted for Price Persistence and Volatility. Higher AAS Rating Scores are desirable. AAS Status indicates the current Buy, Sell or Neutral determination according to the AAS analytic which is a compound trading rule that takes into consideration Short Term Trend Analysis as well as the AAS Rating Score. The analytic is subjected to further confirmation by two independent technical analytics. If the AAS Rating Score is not confirmed by the technical analytics, there is an AAS Neutral Determination. An AAS Sell Determination indicates that the AAS Rating Score and/or the independent indicators are negative. Last Closing Price (CP) is the closing price of the security based on the previous business day. Sell Limit Watch is included and updated daily as information for subscribers who wish to sell the index based on their own research.

AAS Rating Score is based on a Time Weighted Alpha Factor which is adjusted for Price Persistence and Volatility. Higher AAS Rating Scores are desirable. AAS Status indicates the current Buy, Sell or Neutral determination according to the AAS analytic which is a compound trading rule that takes into consideration Short Term Trend Analysis as well as the AAS Rating Score. The analytic is subjected to further confirmation by two independent technical analytics. If the AAS Rating Score is not confirmed by the technical analytics, there is an AAS Neutral Determination. An AAS Sell Determination indicates that the AAS Rating Score and/or the independent indicators are negative. Last Closing Price (CP) is the closing price of the security based on the previous business day. Sell Limit Watch is included and updated daily as information for subscribers who wish to sell the index based on their own research.

AAS Rating Score is based on a Time Weighted Alpha Factor which is adjusted for Price Persistence and Volatility. Higher AAS Rating Scores are desirable. AAS Status indicates the current Buy, Sell or Neutral determination according to the AAS analytic which is a compound trading rule that takes into consideration Short Term Trend Analysis as well as the AAS Rating Score. The analytic is subjected to further confirmation by two independent technical analytics. If the AAS Rating Score is not confirmed by the technical analytics, there is an AAS Neutral Determination. An AAS Sell Determination indicates that the AAS Rating Score and/or the independent indicators are negative. Last Closing Price (CP) is the closing price of the security based on the previous business day. Sell Limit Watch is included and updated daily as information for subscribers who wish to sell the index based on their own research.

AAS Rating Score is based on a Time Weighted Alpha Factor which is adjusted for Price Persistence and Volatility. Higher AAS Rating Scores are desirable. AAS Status indicates the current Buy, Sell or Neutral determination according to the AAS analytic which is a compound trading rule that takes into consideration Short Term Trend Analysis as well as the AAS Rating Score. The analytic is subjected to further confirmation by two independent technical analytics. If the AAS Rating Score is not confirmed by the technical analytics, there is an AAS Neutral Determination. An AAS Sell Determination indicates that the AAS Rating Score and/or the independent indicators are negative. Last Closing Price (CP) is the closing price of the security based on the previous business day. Sell Limit Watch is included and updated daily as information for subscribers who wish to sell the index based on their own research.

The **AAS Model Fund** portfolio utilizes Rydex Mutual funds as proxy's for Fidelity and ProFund investments. Investors wishing to use the Model Fund portfolio can examine the current holdings to the left, and then use either the **Portfolio Builder** page or the respective **Fidelity** or **ProFund** pages in the newsletter to find funds that correspond with the current holdings in the AAS Model Fund portfolio. The AAS Model Fund portfolio utilizes Inverse and Leveraged Rydex funds that are not always available through Fidelity and/or ProFunds.

AAS has included a Model Stock and Mutual Fund Portfolio in the Platinum subscription which is for professional investor use only. The securities are selected using proprietary analytical software employed by AAS. **Position Number** serves to indicate how many positions out of a possible thirty for the Model Stock portfolio and four for the Model Fund portfolio are currently selected in the portfolio. **Stock Ticker** is the symbol for the stock selected. **Stock Description** is the name of the stock. **Recommended Allocation** is the percentage that each symbol is allocated inside the model stock portfolio. **Days Held** is the number of days the stock was owned since its selection date. **Average Cost** is the price of the selected stock on the day that the selection originated. **Last CP** is the closing price of the stock based on the previous business day. **Total Gain/Loss %** is the simple percentage change between the Last CP and the Average Cost. If a stock is sold and another stock is not purchased, the money from the sale is moved into cash or money market. Purchases after the AAS initial selection date must be made at the subscribers discretion. The material provided by Alpha Advisor Service, LLC (AAS) is for general informational purposes only.
